It is with a heavy heart that I say goodbye but am thankful for having been able to speak with Ann during this last month after over 40 years. You were special to me in NC and had a part in my life that brought memories and smiles. I know you are no longer in pain and now in the arms of the angels. To the family, I send you my deepest sympathy and pray that all those special moments you spent together will come back in memories that make you smile and your heart dance with love. She told me how proud she was of the family and all that was being done for her. Thank you Ann for all you were to me in my early years. God has a special angel now.
