Terry was from day one a very positive influence on my life. From making me listen in school to keeping me from being hurt in the New London Fire Department. Terry was the driving force in me pursuing an amateur radio license years ago alas we fell out of touch as time went on. I will never forget seeing him in Wal Mart several months and I told him I had just gotten my amateur extra class license. Terry was so proud of me!! Only one man had a more important influence on my life than Terry, and that was my father., Terry (KA4KTU) you will be sorely missed. Rest well my dear friend you deserve it.
