It's so hard to fathom that it's been almost a year that you left us all brother. I think about you all the time and miss you so much. I'd give anything to be able to sit down and talk to you just to see you and hear your voice. I love you brother and I always will.

So sorry to hear this terrible news. I had the privilege of working with Richard for a couple of years. Richard immediately took me under his wing and befriended me. As I was in college at the time, Richard would always talk to me about the importance of school and encourage me to keep my head down. Richard was a great man, and an even better friend to everyone he met. You'll be missed my friend. Thank you for your friendship, the countless laughs, and the support you always showed me.

Did not have the privilege of meeting Richard that I know of. He appears to be a fine person. I just want you to know that there are a lot of us that have faced what you are going through. My grandson took his own life 2 years ago. It left a big hole in my heart that will never leave me. He was 27. I just wanted you to know that we are your prayer warriors, in the background and if you ever feel that you need help just remember you are in our prayers.
