I worked with Louise for so many years in my earlier career. She was the most onderful nurse. You could depend on her to be in the thick of things & help whenever it was needed. When she retired they lost one of the best. Wish there had been more like her.

Words can not adequately express my respect and admiration for Mrs. Hollis. She was a GREAT nurse who not only taught nursing students but she mentored many of us new graduates as we were starting our nursing careers. I know that I had the "best of the best" as my nursing mentor. As a Nursing Supervisor, we could never say No to Mrs. Hollis when she asked if we could help get the "ox out of the ditch" because she was so sweet and kind and she cared deeply for her patients. She was always right beside us helping to take care of the patients. I will be forever grateful for having known Mrs. Hollis. She cared deeply for her family and she loved her church. She will be greatly missed but heaven has acquired a wonderful musician for the heavenly choir. My thoughts and prayers are with her family.
