I too, as others have posted, had the pleasure of working with Melanie. We worked together in Same Day Surgery, closing the unit in the late afternoon. She was a first of all, a Godly woman, great nurse and a wonderful friend! She was always ready and willing to help with whatever you needed, always had ur back! We were both grandmas, and talked with each other about our kids and grandkids a lot! She was always calm and in control no matter how busy it was, but never had a cross word to say about anybody! I retired in 2013, and she always told me she was gonna quit after I retired! We had a very good working relationship and I thank God for putting her in my life! She will truly be missed! I'll look forward to a reunion in heaven one sweet day my friend! Margaret Herlocker

I remember when they had a talent show at the hospital which wasn't that long ago and Melanie and I sang a song by the Judds. I think I was more nervous than her. I enjoyed that time together along with working with her as a nurse. She was very knowledgeable about a lot of things. I also enjoyed hearing the stories she told about her grandchildren. She was very proud of her family and she loved them dearly. I think they were a very close knit family. I retired this year from Atrium Stanly and she told me that she wanted to come with me and I said come on. I wish things would have turned out differently for her but I'm sure God had a plan for her. Heaven has gained another angel and without a doubt she will be helping everyone in heaven like she did on earth. Love you my friend. ❤️ Until we see each other in heaven.
