You're always on my mind... Every minute of everyday... I regret that last phone call... It haunts me day and night every second of everyday... It has slowly but surely making the unique, one of a kind, intimidating, weird, little pure shine I use to let shine sooo bright and be truly amazing it has slowly gotten dimmer and almost died... I'm going to try and stop it from fading completely out because I know that no matter what you always said "You know you're my babygirl... Always be you... No matter who don't like it... Love you, Babygirl." But then thought of me NEVER hearing those beautiful words from you is what truly kills me... Love n miss you,Daddy.... Love, Babygirl☐☐

It's not fair... I miss you everyday... You were my rock... I don't know what to do without you... I need you soooo bad... I'll see those big blue eyes soon ... Trust me ... Your babygirl loves you... And I'll never forgive myself for not being able to be there when it all happened... I'll always hate myself for that... But love you always. 🖤🖤
