I remember meeting Julie 20 years ago when I became friends with her baby sister. Â She was always fun to be around and her laugh was contagious! Â The one thing that always stood out that I admired Â was she wasn't afraid to tell you the truth ! Â She has a close wonderful family that I know will miss her dearly !One thing that I'm certain of is that I will see her precious soul again someday! â ¤

Our deepest and sincerest condolences to the family. Words alone can not ease the pain when grieving the loss of a love one. The Bible provides comfort during these difficult times. Revelation 21:3-4 states, And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away. May God give you and your family comfort in your loving memories and in His promise that soon we will never experience losing our loved ones in death and we will be able to see them again once they resurrected as per John 5:28-29. May these words give you a new hope, with deepest sympathy and warmth of heart.

Julie you will be in our hearts forever. I will never forget the laughs and chats we had when you would come to visit us on the Mountain at Indian Meadows. We love you and will forever remember how strong and full of will power you had. Although you might have been taken away from us here on earth by cancer. I remember you telling me a few months ago that no matter the outcome you was a winner either way. If you go or if you stay. Your victory came and the greatest healing of all time... Love you girl....
