Kimberly B. Ricks

JAN 29, 1955 - DEC 21, 2022

Kimberly B. Ricks, 67, of Mineral Springs passed away on Wednesday, December 21, after a long battle with cancer. She was born in Charlotte on January 29, 1955 to James and Mary Bell, and is survived by her husband Jeffrey Ricks, her sons Ethan (Melissa Stutts), Kevin and Brendan (Nicole and grandchildren Austin and Wade), and sister Marianne Gurley (Frank). In addition to her parents, she is preceded in death by her son Caleb.

Kim will be remembered as many things, but foremost as a loving caretaker. She was passionate about cooking and providing for her family, and throughout her life served in many roles as a caretaker to both people and animals alike. Her nurturing soul left an impression on anyone who crossed her path.

The family will observe a memorial service privately. In lieu of flowers, please consider making a donation to Teal Diva (<https://tealdiva.networkforgood.com/projects/103192-main-giving-page>) or the Ovarian Cancer Research Alliance (<https://give.ocrahope.org/give/186942#!/donation/checkout>)

I was sad to learn of Kim's death. I'm really a "nothing" in her life, just a blip on the screen. It would have been doubtful that she would have even remembered me had we run into each other. But what I remember is such a graceful woman with a steady, calming presence whenever she entered into the space I was in. She helped us in the Library at Western Union (somewhere in the early 1990s) - possibly doing something at home, I really do not remember. I was often frazzled when I worked there and there was just something about her stepping into the room that brought a gentleness to whatever was happening. My sympathy to her family and friends. May her light and love always be felt in your lives.

I met Kim when she arrived at my home office to apply for a job. She was bright, confident, and had exactly the skills I was looking for. She worked as my administrative assistant for many years. She was diligent, pleasant and kind. She worked from home, so we spoke on the phone regularly. She always had a smile in her voice. There's nobody like Kim.

Kim was my close friend for more than 30 years. I met Kim when she started working for my husband as his Administrative Assistant. She was such a wonderful, reliable help to him, with a great attention to detail in whatever she undertook. We shared all of life's ups and downs from the years that we were raising our children through our current years. She was a wonderful listener and always had a caring and supportive spirit. She loved animals and worked as a caregiver of horses and small pets as well. She fought hard during her years of cancer treatment to stay with her family and friends. She showed tremendous courage every step of the way. Kim was a bright light for all of us who knew her well.
