Mimi i dont know where to start so i guess I'll start with the the first time we meet about 24 years ago u treated me and my kids just like we was already a part of the family.we had some good times together dancing, singing,getting our hair done , pedicure, manicures to dr appointment to groceries shopping. You always loved having family gathering at your house making your cherry yum yum and spaghetti. But as the years go by the dementia took u from us as i dont understand dementia but seeing the pain , hurt , confusing, aggravation fusstraction u (we) went through at the end i dont ever wont to witness it again . I love you and im gonna miss u so much RIP Mimi until we meet again keep on dancing.
